

PRESS RELEASE 23rd JUNE 2006

New Affiliate Programme

Ezibed.com has launched an Affiliate Programme that allows any website to have direct access to the Ezibed.com website for accommodation bookings, which will generate 50% of the gross commission to the website owner.

Website owners can choose three options for their customers - to show the whole country through the main website address www.ezibed.com, to show individual regions specific to the location where their business is based, or by individual property.

“This is great opportunity for anyone that has a website but especially for the likes of activity and attraction operators who can put a simple text link or banner onto their site which will enable their customers to make accommodation bookings in their region directly from their own site, and generate sales from doing so”, says Ezibed.com Marketing Director Gareth Pearce. Ezibed.com offers customers instant confirmation on last minute bookings over the next 28 days and also a booking enquiry system for outside of 28 days.

The affiliate programme is free to join and more information including registration can be found at <http://www.ezibed.com/affiliates>.

Enquiries about the affiliate programme can be directed to Gareth Pearce at marketing@ezibed.com or by contacting 06 879 4249.
